

Powerful Stroke By U. S. Tanks and Artillery At St. Lo

Battles Fiercely Raged Along a 40-Mile Front Reaching to Sea

SUPREME HEADQUARTERS, Allied Expeditionary Force, July 11—(AP)—American troops driving south of Caen have captured Le Maugerie and La Roserie, a mile and a half south of Sainteny, headquarters announced tonight.

Canadians in the Caen area occupied the western bank of the Orne river from the outskirts of Caen to a point south near Maltot.

By Wes Gallagher

SUPREME HEADQUARTERS, Allied Expeditionary Force, July 11—(AP)—U. S. troops and tanks pounded today to within two miles of St. Lo, key road hub forming the Germans' central fortress in Normandy, gaining two to three miles in a furious new offensive spreading the American attack over a 40-mile front.

Spearheads of Lt.-Gen. Omar N. Bradley's American First Army, jumping off under the screen of a pulverizing artillery barrage, reached the outskirts of Luzerne and Mesnil-Roxelin, just north of the road junction in the heart of Normandy.

Lt.-Gen. Omar N. Bradley's American First Army hammered within three miles of St. Lo while British-Canadian forces to the east cleaned out nests of resistance southwest of Caen, meeting stiffening opposition.

(A BBC broadcast said the Americans were within two miles of St. Lo at one point.)

Field dispatches declared the Americans were attacking east-northeast of St. Lo, in a long-quiet sector. The Americans were driving down both sides of the Vire river.

Other Doughboys advanced one to two miles elsewhere on the front winding across Cherbourg Peninsula, making flank penetrations threatening to force a German withdrawal southward along the peninsula's west coast.

The German radio asserted that German troops had reentered La Haye Du Puits, strategic road center captured by the American First Army Sunday.

"Firm and Secure"

Gen. Sir Bernard L. Montgomery, Allied ground commander in France, declared 54,000 prisoners have been taken since D-day, and told his American-British-Canadian forces that much has been achieved with definite and concrete gains.

"We are firm and secure," he asserted.

Bad weather and strengthening German resistance slowed the British Second Army assault in the Caen sector, and heavy fighting flamed south of the Orne and Odon rivers. The Germans forced the British to withdraw to the north of Maltot, a town four miles southwest of Caen.

A costly price still was being exacted of the enemy, and a British headquarters officer estimated 30 to 35 Nazi tanks had been knocked out on the front southwest of Caen.

The German position west of the Orne appeared hopeless in the long run, but the fanatical Nazi opposition against the drive of both the British and the Canadians was forcing the fighting line back temporarily in some spots and limiting progress to a few hundred yards in others.

Clear Germans at River

Canadian troops cleared all the Germans from the north bank of the Odon river down to its junction with the Orne. The British in expanding this sector the north of Esquay, which controls land observation between the two rivers.

"Waves of German infantry were chopped to ribbons in a violent battle" for this hill, wrote Associated Press Correspondent Roger D. Greene in a front dispatch. He quoted a British field officer as saying, "the Boche was slaughtered while we were sitting where we were."

This sturdy stand forced the Germans to retreat from the hill area.

British armored cars pushed down to the west bank of the Orne at Athis, a tiny hamlet between Maltot and Caen, but withdrew.

Sixty Down in U. S. Submarine

WASHINGTON, July 11—(AP)—Loss of the 20-year-old submarine S-28 during training exercises in the Pacific was announced by the navy today.

The sub carried a complement of about 60 men and was under command of Lieut. Comdr. Jack C. Campbell, 29, whose wife, Mrs. Jean Brooks Campbell lives in Groton, Conn.

The navy did not disclose where the S-28 was lost.

"The depth of water makes it impossible to salvage the submarine, and hope has been abandoned for the recovery of the missing personnel," the navy said.

It added that an investigation is being made to determine the cause of the accident.

"There were no survivors," the navy said.

It added that next of kin of all casualties had been notified.

Sgt. Oliver C. Redtfeldt Gets Honors

Brothers, Former Sedalians, in the Flying Forces

Staff Sergeant Oliver C. Redtfeldt, 21, a former Pettis County, son of Mr. and Mrs. Harry H. Redtfeldt, 908 Hickory street, Compton, California, has recently completed ten combat missions over enemy territory and also has received the Air Medal for meritorious achievement in flying bombing missions over France and Germany. His brother Gordon A., 22 years old, recently completed navigation training at Hondo Army Air Field in Texas and received his commission as a second lieutenant and his wings.

The following is a story released by the public relations officer of an Eighth Air Force Liberator station in England:

"Staff Sergeant Oliver C. Redtfeldt of Compton, California, has due cause to be proud of himself today. He was largely responsible for the safe return of his plane, after a recent hazardous mission over the continent. On this day the heavy bomber formation in which he was flying was ordered to destroy an installation from which the German flying bombs were taking off on their destructive visitations to English soil. The bombers took a heavy beating from the flak guns on this mission.

Saves Damaged Plane

"Black menacing bursts were exploding all over the sky. Several jagged pieces of steel tore through the plane in which Sgt. Redtfeldt was flying."

Given Purple Heart Award

Mr. and Mrs. Delbert H. Neiberger, 1515 East Fifth street, have received the Purple Heart which was awarded to their son, Corporal Victor Neiberger, who has been missing in action since August, 1942.

A costly price still was being exacted of the enemy, and a British headquarters officer estimated 30 to 35 Nazi tanks had been knocked out on the front southwest of Caen.

The German position west of the Orne appeared hopeless in the long run, but the fanatical Nazi opposition against the drive of both the British and the Canadians was forcing the fighting line back temporarily in some spots and limiting progress to a few hundred yards in others.

Corporal Neiberger

He was last reported in the Philippine islands and is believed to have been at Bataan. No word has been received from him since his parents were notified the latter part of August, 1942, that he was missing. His last letter, written in January of 1942, was received by his parents the latter part of July of that year. The letter was sent from "In the Field in the Philippines."

The young man graduated from Smith-Cotton high school. He entered service in the air corps on December 16, 1940 at Jefferson Barracks and was later transferred to Hamilton Field, Calif., where he went overseas in October, 1941.

Emotion as FDR Gives His Decision

By John M. Hightower

WASHINGTON, July 11—(AP)—President Roosevelt's hands trembled with nervous emotion, and he stopped once to light a cigarette and compose himself, as he told a news conference today that he would accept a fourth term if the American people vote it.

The chief executive put on a dramatic performance for a relatively small group of reporters. Only 99 attended the unusual Tuesday morning conference in comparison with 200 or more at some conferences.

Talk by Capt. Bizzell Given On Plasma

Was Presented To Boosters at Railway Shops

The Sedalia Booster club held its regular monthly business meeting during the noon hour Tuesday at the local shops with F. G. Rose, president. Mr. Rose made a short talk on several items of interest to shop employees.

Following his talk Mr. Rose presented Dr. A. L. Walters, Sedalia physician, representing the Blood Bank now under way in Sedalia. Dr. Walters commented on the blood bank and gave a brief history of the blood plasma, stating that twenty-five years ago it was a great event when blood transfusion came into being. He stated that we owe to the Russians the idea of canned blood. It was from these people that we got the idea that we could can blood and save lives in the future with it.

"We have seen some wonderful events in the medical world but to me the blood plasma is the greatest. I have seen many lives saved by this plasma. We need your blood and you gentlemen can give to help bring some boy home from the battle front."

Treat Wounded in Jungles

Dr. Walters introduced Capt. Ross Bizzell of the Sedalia army air base, formerly a physician in Little Rock, Ark., before entering the army two and a half years ago. Capt. Bizzell has served in the Southwest Pacific and in his talk pointed out the difficulties the medical corps has to go through in order to treat the wounded in the jungles. Capt. Bizzell stated that no doubt the men had heard of the many things the boys have to go through in the jungles and stated he has seen men lose from forty to fifty pounds. He also stated that when the medical corps gets to work on them they don't have much to work on but the blood plasma that has been given by the folks back home.

Flying Bomb Raids Diminish

By James F. King

LONDON, July 11—(AP)—Flying bombs started slamming down on London and southern England today after the capital's first free night from the German terror weapon in almost a month. The attacks were below the peak of previous assaults.

While the buzz-bomb attacks continued on southern England, even these assaults were not as heavy as they have been and damage and casualties were reported light.

An alert was sounded in London during the night, but it did not bother the blitz-hardened residents a great deal. They experienced great relief, however, through the absence of the terrifying "buzz" which makes every flying bomb anywhere near sound as if it were coming in the bedroom window.

While there was no immediate explanation of the lull in the assault on London, coastal watchers noted that the flying bombs were approaching from a more easterly direction than heretofore. This evoked conjecture that the Germans were using emplacements farther east along the coast, possibly because of the Allies' smashing bombings of the Pas de Calais area.

During yesterday the rocket bombardment also was on a diminished scale.

The Weather

Occasional scattered thunder-showers today, tonight and Wednesday; heavy local areas northwest; somewhat cooler east and extreme south today with highest temperatures over state lower to middle 80's; little change in temperature tonight and Wednesday.

Temperature: 7 a.m. 70 degrees; 7 p.m. 88 degrees. Rainfall: .85 of an inch. The rainfall on June 20 was .15 inch, on July 2 was .05 inch and Monday .93 inch.

Get 154 Pints Of Blood Here On Monday

Army Nurse Back From Overseas is Among Donors

One hundred fifty-four pints of blood were taken the first day of the Red Cross Blood Bank which is being held this week at the Elks club at Fourth street and Kentucky avenue. This is short of the two hundred pints a day promised the Mobile Unit. People of Pettis county are urged not to fail in this greatest opportunity of all to serve their country—the giving of their blood to save the life of a man on the fighting front.

Those who have seen the miracle of blood plasma bring back the spark of life to those wounded on the battlefields do not need to be urged to give. Among the first day blood donors was Lieut. Bernadine Hall, daughter of Mr. and Mrs. A. B. Hall, 1911 South Quincy avenue. Lieut. Hall is an army nurse who has recently received her medical discharge. She has seen service in both Italy and England and she knows what it means. She knows that her pint of blood means life instead of death to someone at the front.

A young naval officer visited the Blood Center Monday in hopes that he, too, could give. He is back home in Windsor on sick leave after having malaria. The blood of those who have had malaria in the past fifteen years cannot be accepted, but he was in hopes that he could give anyway. "I know now just what it means," he said, "I have seen the need of it."

Today a woman came to the center and asked if she might not give her blood today. "I have an appointment for Thursday but I am afraid I am going to have thunders that day and I wanted to be sure to give my blood." This woman came from near Ionia.

Workers On Monday

Those who worked at the center on Monday were: Red Cross, Mrs. Frank Monroe, Mrs. Leo Bloess, Mrs. W. P. Hurley, Mrs. E. F. Hausan, Jean Hulse, Nancy Lee Campbell and Rose Marie Muster; Gray Ladies, Mrs. J. F. Downs, Mrs. T. J. Luckett, Mrs. Nolan Bricken, Mrs. Arthur Klang, Boy Scouts, Joe Potts, Donald Eschbacher, Ralph Fall; Can-teen, Mrs. D. C. Davis, Mrs. Herman Rapp, Mrs. S. E. Bushey, Mrs. J. C. Griffin, Mrs. R. L. Hogan; Motor Corps, Mrs. E. L. Hodges, Mrs. E. L. Spangler, Mrs. Herbert Seifert, Miss Margaret Bapple and Mrs. John McLaughlin; Nurses, Aides, Mrs. Mary Palmer, Mrs. Robert Reed, Miss Rowena Patterson, Mrs. Fred Lange, Mrs. Alice Bailey, Mrs. Ethel Lambirth and Mrs. E. Wittman; Canteen refreshment room, Mrs. Harvey Brimmer, Mrs. Ed Hoffman, Mrs. H. L. McFarland, Mrs. H. Kanter, Mrs. Al Fabry, Mrs. J. A. Muster, Mrs. John Staubli and Mrs. Frank Coffman; and others, Mrs. A. A. Studebaker, Mrs. M. C. Abeles, Mrs. Harry Harnsberger, Mrs. Richard Rohn, Mrs. Fred Brink, Mrs. J. A. Three Convicts in Escape From Prison

JEFFERSON CITY, July 11—(AP)—Three convicts—one a life term killer escaped from the state penitentiary last night.

Henry Maquar, 44, who entered prison in 1933 to serve life for murder in Livingston county slipped away from the main prison where he had been a trusty for years.

Missing from a prison farm were Donald Scott, 19, serving four years for a New Madrid county burglary, and Truman R. Scott, 23, under four year sentence for burglary from St. Louis.

Woman Director of OPA Advisory Committee

By James Marlow

WASHINGTON, July 11—(AP)—OPA boss Chester Bowles, former advertising man given the super-selling job of making OPA palatable, now has picked a woman for one of his super-super-selling jobs.

She's supposed to make business men help set up OPA regulations on their industry — and like them. "Oh, they sulk sometimes," she says. "And sometimes they sulk so bad they act like little boys. But they come around."

Her job is to make them come around.

Even Eleanor Not Advised She Says

DAYTON, O., July 11—(AP)—Mrs. Eleanor Roosevelt said today her husband's decision to accept a fourth term was all news to her.

The first she knew of it, the first lady said, was when reporters approached her during a luncheon at Wright Field.

"The president doesn't discuss these things with me," she added. "Many people think that he does, but most often the first I know of some decision is when I see it in the papers."

Accept French Group Headed By DeGaulle

Considered as 'DeFacto' Body By President

WASHINGTON, July 11—(AP)—President Roosevelt announced today that he is accepting the French National Committee headed by General Charles De Gaulle as the authority for civil administration of liberated France.

Mr. Roosevelt's new attitude toward the committee, the chief executive made clear at his news conference, results from the talks which he had last Thursday, Friday and Saturday with De Gaulle.

There is no change, the president said, in the policy of this government in not recognizing the French committee as a provisional government.

In its capacity of "de facto authority," the committee will be under the general supervision of General Dwight D. Eisenhower, Allied supreme commander. Eisenhower will have the decision on when a city or town or department can be released from military administration and turned over to the committee.

The president used the term "de facto authority" in describing the committee's role pending the time that the French people have an opportunity to choose a government for themselves.

Generous Rain In This Section

The main topic of conversation today was the generous rain which was so badly needed in Sedalia and vicinity. During the night a gentle rain began falling on the scorched gardens and crops and soaked into the hard ground. This morning the skies were gray and about 8:30 o'clock it began to rain again. This time the rain was hard and all day it has rained steadily.

The gardens have taken on new life after days of drooping in the hot sun and residents of the community seem to have taken on new life, too. The air has cooled and there is a general rejoicing that the drought at last has been broken.

Arizona Votes May Go to Truman

WASHINGTON, July 31—(AP)—Arizona's delegation to the Democratic national convention may give its ten votes to Senator Truman of Missouri for the vice presidential nomination if President Roosevelt makes no recommendation for second place on the party's ticket, Mrs. W. P. Stewart of Phoenix, Arizona Democratic national committeewoman, said today.

Cpl. McMurdo in Hospital in England

Mr. and Mrs. J. O. McMurdo, 700 East Broadway, have received a letter from their son, Cpl. Thomas Clinton McMurdo, who is with the Aviation Engineers in England, telling them that he had received an injury to his right leg and was in a hospital in England. He did not say how he had received the injury but told them that he was being treated well and hoped to soon be able to walk again.

Roosevelt Would Accept Nomination

Willing to Run

As the Democratic convention nears President Roosevelt today expressed his willingness to again accept nomination.

Letter Sent to Hannegan Says That He Would Prefer to Retire

WASHINGTON, July 11—(AP)—President Roosevelt declared today he will "reluctantly, but as a good soldier" accept renomination by the Democratic national convention and serve another four years in the White House if elected.

In a letter to Democratic Chairman Robert E. Hannegan, Mr. Roosevelt said he personally wanted to retire and avoid public responsibilities and the publicity that "follows every step" of the president.

"But if the people command me to continue in this office and in this war," he added, "I have a little right to withdraw as the soldier has to leave his post in the line."

The president's letter was made public at a White House news conference which grew tense with expectancy when Mr. Roosevelt told 99 reporters gathered in his oval office that the doors had been locked. A reporter said that must mean something important was coming.

Disclosed "Big News"

Another reporter raised the familiar fourth-term question and, grinning, Mr. Roosevelt disclosed that this time the big news was coming.

He then read his exchange of letters with Hannegan. Hannegan wrote the president in a letter dated July 10 that enough delegates to the party convention starting a week from tomorrow are committed to his renomination to assure it.

"If the convention should carry this out, and nominate me for the presidency, I shall accept," Mr. Roosevelt wrote Hannegan. "If the people elect me, I shall serve."

The president said he would prefer to retire but "I will accept and serve in this office if I am so ordered by the commander-in-chief of us all — the sovereign people of the United States."

The president sprang the news of his political intentions on a news conference this morning when a reporter asked him if he had anything to say about the convention.

Grinning, the president replied that the reporter was only guessing — and said this time he was right.

Getting quickly to the correspondence before him the president read Hannegan's letter saying renomination is assured.

The president said, however, that he would not "run" for reelection in the accepted political sense "but if the people command me to continue in this office and in this war, I have a little right to withdraw as the soldier has to leave his post in the line."

Refers To War Role

With that statement the president was referring to his war time role of commander in chief of the armed forces.

"For myself, I do not want to run," Mr. Roosevelt said. "By next spring I shall have been president and commander-in-chief of the armed forces for 12 years — three times elected by the people of this country under the constitutional system."

"From the personal point of view, I believe that our economic system is on a sounder, more human basis than it was at the time of my first inauguration. . . ."

"After many years of public service, therefore, my personal thoughts have turned to the day when I could return to civil life. All that is within me cries out to go back to my home on the Hudson river, to avoid public responsibilities, and to avoid also the publicity which in our democracy follows every step of the nation's chief executive."

In Albany, N. Y., Governor Thomas E. Dewey, Republican presidential nominee, had no comment on Mr. Roosevelt's statement.

That would be his choice, Mr. Roosevelt said, but he assured Hannegan he would forego if the convention drafted him and the people elected him for another term.

No Second Place Mention

Mr. Roosevelt made no mention of the second place on the ticket and the status of Vice President Wallace remained unclarified.

Wallace told reporters last night after a two-hour conference with the president, that their conversation dealt solely with China, from where the vice president has just

Bond Sales \$1,250,000

Closing Date in Fifth Campaign Will be July 31

War bond sales in Pettis county for the Fifth War Loan drive total \$1,250,000, C. L. Hanley, chairman of the county war finance committee, announced today. The sale of series E, F, and G bonds is still going on however, he said, and the official closing date on the sale of these bonds in the current war loan campaign will be July 31. All bonds sold of these types will be included in the total sales of the Fifth War Loan.

The seven-hour campaign conducted in Pettis county on June 9 secured over one million dollars in bond pledges and actual sales. Since that date bond buyers have been redeeming their pledges at the banks of Sedalia. "There are still some pledges which have not been redeemed," Hanley said. "The county finance committee urges all those who have pledged to buy bonds but have not paid for their bonds to do so before the end of July."

Drilling Quicken In Oil Industry

TULSA, Okla., July 11—(AP)—The oil industry, struggling to build up its war-sapped resources, is in its most vigorous drilling campaign since Pearl Harbor.

Throughout the oil country, from mountainous Montana to the lowlands of the south, drilling has been quickened. The Oil and Gas Journal reports, despite material and manpower shortages.

Collect Waste Paper Sunday

Sedalians will contribute wastepaper next Sunday afternoon to help relieve the nation's number one salvage problem. Beginning at 2 o'clock Boy Scouts and other volunteer workers with trucks will visit every section of the city collecting paper which residents place on the curb. Newspapers, magazines, and corrugated board and box material will be gathered. Every contributor is asked to tie each class of wastepaper into separate bundles, convenient for handling, and take the bundles to the street curb in front of the house before 2 o'clock next Sunday afternoon.

The wastepaper drive will be a success if every citizen cooperates with the volunteer workers and the Boy Scouts. Small amounts of paper in five or ten-pound lots are valuable in the Sunday campaign. Remember it takes two pounds of paper to make one V box for sending food and supplies to the servicemen overseas.

Steps to Break Up Rebellion

BOGOTA, Colombia, July 11—(AP)—Numerous army garrisons and prominent Colombian military leaders declared their loyalty today to President Alfonso Lopez, who was held prisoner at Pasto, Southern Colombia, by a group of rebellious army officers.

Vice President Dario Echandia, who emphasized his loyalty to Lopez, proclaimed a state of emergency after announcing last night he had assumed the acting presidency.

Settlement Reached on Civilian Production

WASHINGTON, July 11—(AP)—A compromise settlement has been reached on WPB Chairman Donald M. Nelson's program for resumption of limited civilian production, informed government sources reported today.

Three of his four proposed orders will become effective at once but the fourth will be postponed for a time.

Sgt. Oliver C. Redfeldt Gets Honors

(Please turn to Page 4, Column 3) Redfeldt was flying and one piece inflicted serious damage when it severed a control cable. The plane began descending very rapidly and the pilot was no longer able to control its flight. It was at this point that Sgt. Redfeldt aided by several other enlisted men aboard, ingeniously managed to splice the severed cable together, thus enabling the pilot to once more gain control of the ship and bring it safely back home.

"Sgt. Redfeldt has just recently been awarded the Air Medal for meritorious achievement in flying bombing missions over France and Germany. To date he has completed ten missions, participated in the destruction of such places as Bretigny, Criel, St. Gabriel, Coutances, Laigle, Conches and Guer, and airfields around Paris."

Brother Graduates

The following article appeared in the Compton, California newspaper about the boys recently: "Finishing 18 weeks of navigation training at Hondo Army Air Field in Texas on June 24, Gordon A. Redfeldt, 22, son of Mr. and Mrs. Harry Redfeldt, 12941 Willowbrook avenue, Willowbrook, former residents of 905 Hickory street, Compton, graduated on that date with his second lieutenant's commission and the wings of an aerial navigator. The new lieutenant is now spending a 15 day furlough here before he returns to duty at Lincoln, Neb., where he may be trained as a navigator on B-24 Liberator bombers, a position which he requested.

"The navigator's brother, Staff Sergeant Oliver Charles Redfeldt, an aerial mechanic on Liberators, has already received the iron Air Medal for five combat missions over the invasion front to Europe, and has written that he has put in "one-third of the old mission quota," meaning 30 combat missions over occupied Europe, since he arrived in that war theatre in May. Taking part in the original Allied onslaught on June 5, he has been on continual flights since that time.

From Missouri "Lieutenant Redfeldt, a graduate of high school in Sedalia, Missouri, formerly lived in Compton, and was employed as a lead man at the Douglas El Segundo plant. Joining the air corps in September, 1942, he was called to active service on February 8, 1943, took his college training at Caldwell, Idaho, and finished pre-flight at Santa Ana. After further training at Tucson, Arizona, and gunnery school at Las Vegas, Nevada, he entered the navigator's course at Hondo last Christmas. His wife, the former Lucille Vaughn, whom he married while at Caldwell, lives at 2818 Pacific avenue, Venice.

"Staff Sergeant Redfeldt also graduated from high school in Sedalia, joined his folks here in December, 1941, and enlisted a year later, taking his basic training at St. Petersburg, Florida. After winning his gunner's wings at Tindall Field, Florida, he completed over six months of flying mechanic's training at Sheppard Field for his flight mechanic's wings and then went overseas. On his 21st birthday, he was flying overseas with his Liberator crew."

Staff Sgt. Oliver Redfeldt graduated from Smith-Cotton high school in 1940 and Lieut. Redfeldt graduated in 1939. The boys and their parents came to Pettis county.

Forced to Withdraw Although Maitot was lost temporarily, British Tommies clung to Etterville and Canadians cleared the Germans from Louigny, in the loop between the Orne and the Odon rivers.

The first signs that Field Marshal Gen. Erwin Rommel was being forced into a general withdrawal in the Cherbourg peninsula came when Lt. Gen. Omar N. Bradley's columns pushing south from Carentan and down the west bank of the Vire river threatened German flank positions.

South of Carentan the Americans drove within four miles of Periers, key road junction leading to the La Haye Du Puits front. The Doughboys drove about a mile south of Sainteny, making good progress on the west side of the road, where they captured La-Forges, just south of Sainteny. In expanding this sector the Americans also captured Graignes, four and one-half miles south southwest of Carentan.

Similar progress was registered by Americans smashing west from the Vire and south along both banks of the river.

Mrs. G. LeRoy Street of Houston, Texas, and her son, Cadet Lawrence Cottingham, Jr., of Moye Military school of Castroville, Texas, have gone to Galveston, Texas, to spend the remainder of the summer after an extended visit with her mother, Mrs. M. Warden Austin and her younger son, LeRoy Street, III. Mrs. Austin plans to leave in the near future for a visit with her sister, Mrs. Frank Hedrick in Monmouth, Ill., and will be accompanied by LeRoy.

Mrs. W. S. Degarimore has returned to her home in Independence after a weekend visit with her parents, Mr. and Mrs. W. E. Roach, 421 North Grand avenue. Also weekend guests in the Roach home were Mrs. Glen Hedenoskog and sons, Larry and Cooper, of Independence. Mr. and Mrs. Sam Moore of Kansas City were Sunday visitors.

Miss Margaret Maples and little Miss Agnes Marie Neale of Slater were guests the past week of Miss Maples' mother, Mrs. Lillie Maples and family near Clinton City. Miss Maples will leave Tuesday for California, where she will visit a brother and sister.

Mrs. G. C. Hoffman, 824 West Broadway, has returned home from Kansas City where she has been with her sister, Miss Florence Poteet, who has been ill but whose condition is improved.

Mrs. Maurice Choulett, 1305 West Sixteenth street, is spending today and Wednesday in Kansas City with her sister, Mrs. Duane Smith.

Mr. and Mrs. Allen Hoffman and children, Natalie and Allen, Jr., of Texarkana, Ark., are here for a visit with Mr. Hoffman's parents, Mr. and Mrs. G. C. Hoffman, 824 West Broadway, and Mrs. Hoffman's aunt, Miss Eunice Cousley, 809 East Broadway.

Mr. and Mrs. J. F. Van Osdel and twin sons, John and Robert of Kansas City, will spend Thursday in Sedalia and will be the guests of Mr. and Mrs. R. B. Paschall, 606 South Grand avenue. Mr. and Mrs. Van Osdel resided in Sedalia before going to Kansas City.

T/Sgt. Jack Sullivan arrived Sunday to spend a few days with his parents, Mr. and Mrs. Charles C. Sullivan and other relatives, who have gathered at the home of R. W. Reinert, route 4.

Sgt. Sullivan has been in Galapagos Islands two years and will report on August 2 at Miami, Fla., for a three weeks rest period and new assignment. He was graduated from the Smith-Cotton high school in the year 1937 and has been in the Army Air Corps for the past four years.

Pfc. Delbert Ratje, who has been stationed at Fort Bucking-ham Field, Fla., is spending a furlough with his mother, Mrs. John Ratje, and other relatives in Smithton. Following his furlough, he will be an air corps instructor at Biggs Field, Tex.

Cpl. Bernard Hoerman of the army air base at Murco, Calif., arrived Saturday evening for a two-weeks furlough with his mother, Mrs. Anne Hoerman.

Mrs. Belle Stephens, 1007 South Vermont avenue, left today for Greeley, Colo., to spend the summer with her niece, Mrs. R. M. Walton.

and it has saved thousands of lives.

Capt. Bizzell said that statistics show about one per cent lives have been lost in the present war as compared with 14 per cent during the last war. This is due to the blood plasma which is playing so great a part in the conflict. Capt. Bizzell pleaded with the men to give their blood for this worthy cause. "We need your blood and if you have a boy in the service and he is on the battle front, you can help bring him back by donating a little pint of blood," he stated. "There is nothing to be afraid of, not near as much as that boy is giving in battle."

Capt. Bizzell related several instances that he had come in contact with during his service in the Southwest Pacific that were of interest to all listeners.

Talk by Superintendent C. R. Kilbury, shop superintendent, closed the meeting with an interesting talk relative to the Blood Bank and that Wednesday would be Missouri Pacific Shop Day. All employees who have donated their blood will be taken to the Blood Bank in busses and returned to the shops the same way. It is expected that several hundred pints of blood will be secured. The groups will start at 9:45 o'clock.

Mr. Kilbury also pointed out the subject of man hours lost from work and the question of Safety First. He urged all to watch these items and work every day possible and work safely.

Precaution to Avert Rabies

A state of quarantine in Pettis county will exist against dogs, effective Saturday, July 15, the Pettis County Court announced today in making an official record in their minutes. The quarantine is being placed at the request of Missouri State Veterinarians and other citizens of Pettis county, it was said.

The official order made today, states in part orders, owner or persons in charge of any dog or dogs within the limits of Pettis county to either kill or impound his dog, or dogs, or to have such dog, or dogs, immunized against rabies."

The order also instructs the county clerk, James Green, to notify all police, town marshals, and constables to pick up, hold, or kill any dog, or dogs, found to be running loose within the limits of this county.

In recent weeks a large number of dogs, believed to have been suffering from rabies have been picked up by various officers. Several of these dogs have been killed and the heads of the animals sent to the State Board of Health at Jefferson City, with a number of reports being returned "positive," meaning the dogs had a trace of rabies.

Due to the numerous complaints, and such reports being returned to this county, the county court acting upon the suggestion of the State Veterinarian decided upon the state of quarantine.

USO 'Block Buster' Dance

The Tuesday evening dance program this week at the local USO club will be in the nature of an outdoor party-dance with the theme of "block buster." Square and round dancing for GI's and USO girls and invited guests will be held on the court of the Home Oil company across the street from the USO, starting at 8:45 p. m. Refreshments a la cabaret style will be served at the club. There will be outdoor games under the lights on the lawn of the Fifth Street Methodist church to augment the activities for the crowd that is being anticipated.

Every girl attending the dance will be asked to go to the USO club first and register. GIs, service wives and guests will need to register and receive an identification badge for the program.

PIN-WORMS

Now can be Beaten!

The miseries of Pin-Worms have been known for centuries, and many doctors have sought a way to deal with this dreadful pest that lives and grows inside the human body.

Today, thanks to an important scientific discovery, a new and highly effective treatment is being hailed by medical authorities. It is based on a remarkable drug known as Pin-Worms. This drug is the vital element in P-W, the new Pin-Worm tablet developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicines.

P-W makes it unnecessary for you or your child to suffer in silence with the embarrassing rectal itch caused by Pin-Worms, or to take chances on the real distress they often create. The small, easy-to-take P-W tablets act in a special way to destroy Pin-Worms.

So watch for possible warning signs such as itching seat and nose, uneasy stomach, bed-wetting, nervous fidgeting. If you suspect Pin-Worms, ask your druggist for a package of P-W and follow the simple directions carefully.

It is easy to remember: P-W for Pin-Worm!

DAILY WASHINGTON
merry-go-round
by Drew Pearson

WASHINGTON, July 11 — The boys who complained about the Republican convention being dull won't have to make the same complaint about the coming Democratic gathering of the clan.

The president has now taken Henry Wallace at his word and is going to turn one thousand rip-roaring, hitherto check-reined delegates loose to select their own vice president. Wallace told him before going to China that he did not want his own political liability to stand in the way of the re-election of Roosevelt himself.

Furthermore, the president isn't going to be any place around, probably not within telephoning distance. He may be so far away that he won't be able to dictate to the convention even if the boys relent at the last moment and beg him to.

So it may take days to nominate a candidate for vice president. Every favorite son from all over the USA will have his hat tossed in the ring by his state delegation. There will be at least a dozen.

Here are some of those who will be on tap when the starting gun is fired: Speaker Sam Rayburn of Texas, so far in the lead, with the southern big-wigs backing him hard; Ambassador John Winant, former GOP governor of New Hampshire; Supreme Court Justice Douglas, who is not an enthusiastic candidate but who stands strong with the president; Jesse Jones; Senator Barkley; Governor Broughton of North Carolina; Senator O'Mahoney of Wyoming; ex-Justice Jimmy Byrnes of South Carolina; Senator Scott Lucas of Illinois; Senator Jackson of Indiana, the convention's permanent chairman and Governor Prentice Cooper of Tennessee.

A good hot time is going to be had by all. It may be so hot that they'll wish they had Wallace as a compromise.

Hitler's Health
Although intelligence officers aren't saying much about it, Adolf Hitler's health has been attracting considerable attention in Washington lately. Fact is, the Allies have several ways of checking on Hitler's physical condition. Captured newsreels and still pictures are closely compared with previous films for clues. Likewise, recordings of Hitler's latest speeches are compared with earlier talks.

Recently, Hitler made two speeches in one week. Both were broadcast by the German radio. A group of intelligence officers and diplomats who heard him were surprised at the tone of his voice. "Hitler sounded listless," commented one expert. "He sounded weary, tired and solemn. There was no power in his voice, no fire, only a dispirited tone of dejection. He seemed to be reading his speech. He stumbled and went over words and sentences several times before getting them straight."

Another expert saw the latest newsreels of Hitler last week, was surprised at how paunchy and pale he looked. His face was described as "very puffy."

"Hitler has taken on weight," this expert said, "and it's not flattering to him. He seems to be letting himself go and apparently is not getting as much exercise as a lot of his men who are running backward. His eyes also look hollow. The war isn't agreeing with Adolf Hitler."

Dewey Plays Poker
Governor Dewey was traveling back from Chicago. Suddenly, newsmen on the train looked up to see the GOP candidate in their private club car, where a poker game was in progress. He asked if he could play a hand.

Dewey played a few hands, lost. Finally, in a game of "5-card stud" the governor had a pair of fives and a king showing. The dealer called for bets on a last card. Cautiously, Dewey was about to pull out, when Warren Moscow of the New York Times advised him to stick. Dewey placed another bet, drew another king, won the pot with two pairs.

"Warren," Dewey said, "maybe I ought to take your advice on other stuff, too."

Note — Dewey, trying hard to improve earlier bad press relations, made progress in Chicago.

FDR's Reaction to Luce Speech
Only a few close friends know it, but nothing in years has wounded the president so much as Congress Lady Clare Luce's scathing speech denouncing him at the Chicago convention.

To insiders, he has not tried to conceal the way he felt. He was not irate at the congresslady from Connecticut, but very much hurt at her charges that he had led American boys into a war which he could have avoided.

The president read every line of the Luce speech and almost every word cut him to the quick. Incidentally, Republicans intimate that Mrs. Luce, by her scathing, telling vitriol, was deliberately aiming to bulldoze the president out of running again.

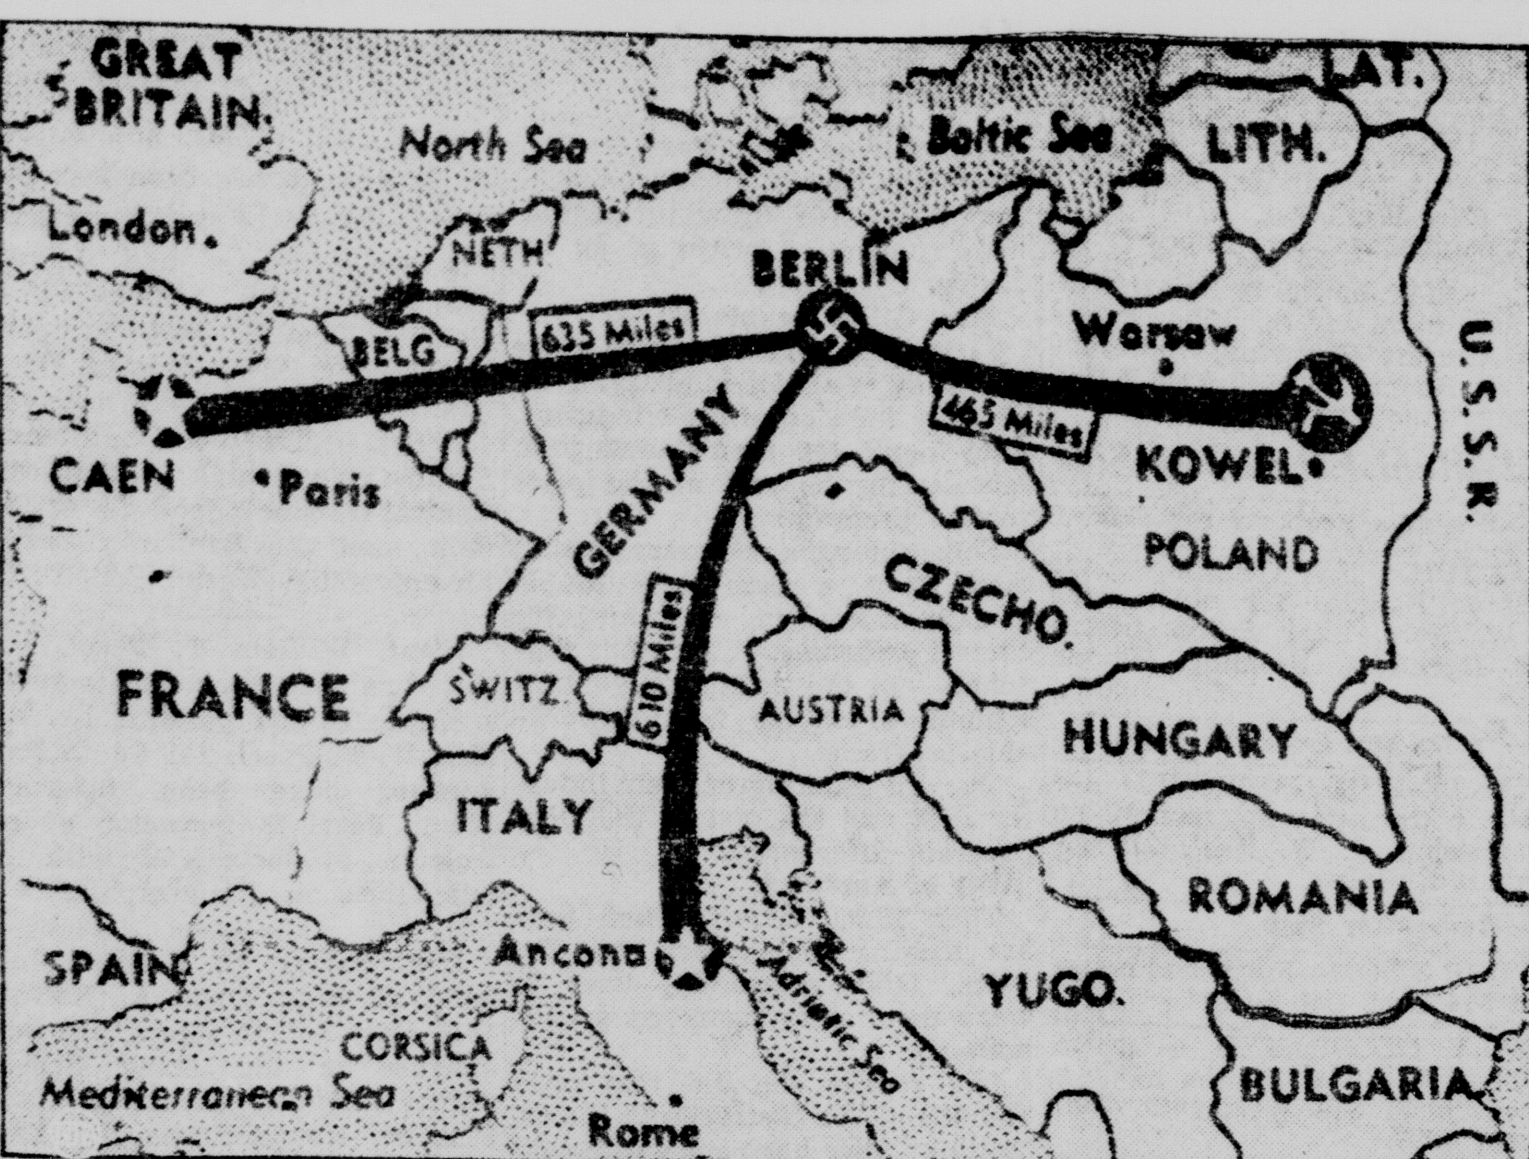

Note — It is probably an accident.

Reveal Bohemian Giddiness
In Sex Life Of Oysters
By Francis J. Kelly
WASHINGTON, July 11—(P)—Virtually every oyster born on the Atlantic seaboard this year will be a male, government scientists predicted today, but that doesn't worry mamma oyster—she used to be a boy herself.

With the spawning season just starting this week in the fabulous oyster colonies of Long Island sound, the fish and wildlife service discloses experiments which reveal a certain Bohemian giddiness in the bivalves' sex life.

Each female oyster's progeny—a potential 100,000,000 to 500,000,000 a season—starts life as a male but by the time they are yearlings about nine-tenths of them have changed sex. Some, not content with one transformation, revert to masculinity in later life, but almost all the really old ones are found to have settled down as lady oysters.

Notes Reversals
Dr. Paul S. Galtsoff, in charge of shellfish investigation for the service, had to dust off his microscope at Woods Hole, Mass., laboratory to find out what every oyster knows instinctively. Only by a close examination of their cell structure was he able to determine which were males and which females. Then he labeled and reexamined them at intervals to note the sex reversals.

"The average person simply can't tell which is which," said Miss Rachel Carson, aquatic biologist who also is interested in the work. "But it doesn't really make any difference at the dinner table—they both taste fine."

The first move of a new born oyster is to attach itself firmly to a rock or another oyster shell where, barring accidents, it will make its permanent residence. This naturally limits the bivalve's social circle, prompting Miss Carson to observe:

"I am afraid the romantic life of the oyster doesn't amount to much."

She added that she didn't see much sense to the oyster's proclivity for changing its gender. "I should think they would just settle down," she said.

The little oysters now being born in Long Island sound and Chesapeake Bay will be table size in 1948, another campaign year.

Soldier Sends Thanks To City

In a recent letter to D. Kelly Scruton, a member of the Democrat-Capital news staff, Pvt. Gary V. Gehle, son of Mr. and Mrs. G. C. Gehle, 1834 South Warren avenue, expressed his sincere appreciation for the war efforts of Sedalia.

He said, "I have not been in Sedalia for the past few months, but I am very sure of the fact that the people are behind the American soldier 100 per cent. It can be seen very clearly from the way they put over the Fifth War Loan bond quota. . . I, for one of the many soldiers who are in service, want to thank the city as a whole."

Pvt. Gehle's father is the owner of the Louande Poultry Yards here.

War Dads Visit In Smithton

A delegation of American War Dads from Sedalia, Pettis Chapter No. 31, visited Smithton last Thursday evening and met with a number of men of that community for the purpose of organizing a chapter of War Dads in Smithton.

Owing to the busy season for the farmers who are working as long as possible in their harvest fields, and who were unable to attend the meeting, the organization was postponed for the present. A date will be set, however, for a second meeting of similar nature.

Those making the trip from Sedalia were: R. L. Weinrich, H. F. Rapp, Phil S. Perkins, A. A. Schroeder, J. A. Kerr, Elmer Summers, T. W. Taylor, Fred Shaw, A. W. Hopkins, E. E. Shaw, W. J. Anderson, J. E. McNeal, J. F. Rouchka, J. H. Gwinn, Phil R. Burford, the Rev. J. F. King, Dr. George T. Lively, E. W. Schultz, O. C. Blankenship, C. G. Estabrook and J. V. Kester-son.

Three Fined For Improper Conduct

Russell Jennings, Centerville, Mo., and a nineteen-year-old girl, Eva Mae Billingsay, 1112 East Third street, arrested Monday morning on East Third street, pleaded guilty to improper conduct and were fined \$15 each in police court by Judge C. W. Bente.

Rose Johnson, 211 West Pettis street, a Negro arrested at her home with Pfc. Robert Hicks, Negro soldier, was fined \$25 in police court Monday morning for improper conduct. The soldier was released to military authorities.

Numerous Traffic Cases in Police Court

Several traffic cases were disposed of in police court Monday morning by Judge C. W. Bente, when defendants failed to appear in court and their bonds were ordered forfeited. Another case was dismissed.

The case of Edgar L. Walters, charged with making a U turn on Ohio avenue, was dismissed. Stanley Reed, 1203 South Massachusetts avenue, and John McDonald, 335 Randolph street forfeited \$2 cash bonds for not having a city automobile license sticker.

Ollie McMullin, 1009 West Third street, charged with making a left turn at Sixth street and Ohio avenue, forfeited a \$1 cash bond. H. W. Eno, 1509 South Grand, R. A. Morris, 1118 East Thirteenth street, and R. C. Penn, 109 West Tenth street, forfeited \$1 bond for overtime parking.

File Transcript Of Holland Hearing

The transcript of the preliminary hearing of Edgar Holland, charged with the murder of his wife, Mollie Mattie Holland, which was held recently in the court of Justice of the Peace A. M. Harlan, was filed with Bryan Howe, Pettis county circuit clerk, Monday.

The case has been set for the October term of criminal court.

Why Prayers Alone Did Not Stop Hitler

Millions of people daily practice meditation, prayer, new thought and other spiritual exercises. For many years, people of good will have been praying for the overthrow of Hitler, Hirohito and what they stand for. Why has the answer been so long delayed? Why do so many other prayers remain unanswered? Why does calamity often befall us in spite of our prayers?

Thirty years ago, in Forbidden Tibet, behind the highest mountains in the world, a young Englishman named Edwin J. Dingle found the answers to these questions. A great mystic opened his eyes. A great change came over him. He realized the strange Power that Knowledge gives. That Power, he says, can transform the life of anyone. Questions, whatever they are, can be answered. The problems of health, death, poverty and wrong, can be solved.

In his own case, he was brought back to splendid health. He acquired wealth, too, as well as world-wide professional recognition. Thirty years ago, he was sick as a man could be and live. Once his coffin was bought. Years of almost continuous tropical fevers, broken bones, near blindness, privation and danger had made a human wreck of him. He was about to be sent back to England to die, when a strange message came—"They are waiting for you in Tibet." He wants to tell for the whole world what he learned there, under the guidance of the greatest mystic he ever encountered during his 21 years in the Far East. He wants everyone to experience the greater health and the Power, which there came to him.

Within 10 years, he was able to retire to this country with a fortune. He had been honored by fellowships in the World's leading geographical societies, for his work as a geographer. And today, 30 years later, he is still so athletic, capable of so much work, so young in appearance, it is hard to believe he has lived so long.

As a first step in their progress toward the Power that Knowledge gives, Dr. Dingle wants to send to readers of this notice a 9000-word treatise. It is free. For your free copy, send your name and address to the Institute of Mentalphysics, 213 South Hobart Blvd., Dept. K-121, Los Angeles 4, Calif. Write promptly.—Adv.

Woman Director of OPA Advisory Committee

(Continued From Page One)

from the restaurant business — who help OPA draw up regulations controlling prices in an industry.

Mrs. Gilbert explains: First these committeemen come in. They're all for industry. They see only the side of their industry. They don't see their industry in relation to the rest of the price control program.

Sometimes it's necessary to shut them up in a room for a couple of days to let them work out price control programs. When that happens — in the beginning — they sometimes emerge with unworkable programs.

They're thinking of their industry first and the rest of the OPA program afterwards.

Way of Approach

Then Mrs. Gilbert, when they are looking glum, goes into the room, talks pleasantly, tries to wean them away from any selfish notions.

Move to Check Glut of Wheat

KANSAS CITY, July 11—(AP)—Moving to avert a threatened glut at the Kansas City terminal market, a permit system for incoming wheat shipments was ordered by the board of trade to become effective last midnight.

Difficulty of unloading facilities to keep pace with increasing receipts plus other heavy traffic in the terminal brought the action, G. A. Johnson, chairman of the market's permit committee, said today.

Similar action has been taken at markets in Ft. Worth, Lubbock, and Plainview, Texas; Enid, Okla.; Springfield, Carthage and Clinton, Mo.

"We hope that we will be able to clean up unloaded wheat here soon," Johnson said. "Shortage of labor has made it difficult for elevators to keep pace with incoming shipments. Receipts today at the market set a record for the year, with 2,280 cars of wheat received. With these receipts we have 4,800 cars of unloaded wheat in the terminal. While this is not a serious congestion, we can unload only about 900 cars a day unless we get more manpower at the elevators."

Church News

The T. E. L. class of the First Baptist church held its regular monthly class meeting Friday evening at 6:30 o'clock at the home of Mrs. A. B. Case, 1016 West Tenth street. Mrs. George Craig and Mrs. Otis Waller were assisting hostesses.

A covered dish supper, to which all had contributed, was the social feature of the evening.

A short business session was called by the president, Mrs. Hugh M. Dickerson at which it was decided to observe July 13 as Visitation day.

The subject of the devotional service, prepared and presented by Mrs. Frank Leach, was "Christ of the Veronica Handkerchief." Gilbert Max's painting of the same title—the one in which there is an illusion of the eyes of Christ opening and closing—was hung in the foreground. Adding further effect was a musical background. Singers were Mrs. Charles Farley and Mrs. Ralph Gunther, accompanied by Mrs. Clyde Williams.

Special guests were Mrs. Charles Benn and Mrs. W. C. Haines.

The June 2 meeting will be with Mrs. Terry Pile and Mrs. Eugene Wetzel and will feature a book review of "The Life of Paul" given by Miss Mary Beth Kester-son.

The Women's Society of Christian Service of the Smithton Methodist church met for an all-day meeting at the church Thursday coincident with the 23rd wedding anniversary of the Rev. and Mrs. E. F. Dillon.

Rev. and Mrs. Dillon had plan-

ned to keep secret their anniversary date until the arrival of the group, then hold open house. However, the entertaining was reversed when one person made known the anniversary and the meeting was held in their honor.

At the noon luncheon, a large, beautifully decorated, angel food cake, baked by Mrs. Frank Brem-er, formed the centerpiece of the table. After the singing of "Happy Wedding Anniversary to You," grace was offered by Rev. Dillon. At the conclusion of the meal, the honorees were showered with preserves, jellies, jams and miscellaneous gifts.

Mrs. Dillon, in a speech of appreciation, invited WSCS members to the paragonage, which has been redecorated, at the close of the afternoon session.

Miss Mildred Dillon provided a decorated butter cake and two angel food cakes which were served with punch and mint cups. She was assisted by Mrs. Bohon.

ATTENTION! ALL HOME CANNERS

If we all pitch in, 1944 will see the greatest food production in our history.

But that will require your help.

It's up to you to: 1. grow every ounce of food you possibly can; 2. use all the food you grow; 3. can your food by the proper and safe methods.

Every ounce of home-canned food is urgently needed. Your Government begs you not only to match what you did last year but, if possible, to **better your 1943 record.**

Put up fruits and tomatoes by the **boiling-water bath** method — a safe and satisfactory method for these foods.

But before you begin your 1944 canning of **all other vegetables**, Good-House-keeping wants to tell you how to avoid a danger that may occur in home-canned food—a danger recognized by many authorities, including the U. S. Department of Agriculture.

That danger is botulinus food poisoning!

Botulinus poisoning comes from bacteria that live in the soil and cling to vegetables. It is rare—but it isn't confined to just a few parts of the country, as some people think.

Botulinus germs may be on the food you can. They must be destroyed. Whenever these bacteria are present in the food and are not destroyed during the canning

process, they gradually produce a toxin which is poisonous.

It takes hotter-than-boiling heat to kill botulinus germs. Neither hot-water bath nor open-kettle canning provides enough heat to destroy them. That is why we advise: **the only safe way to can low-acid vegetable—which means all vegetables except tomatoes—is by the correct use of a pressure cooker!**

If you don't already own a pressure cooker, you'll be glad to know that the Government is allowing the manufacture of 400,000 new cookers for sale this summer, without priorities.

If you can't buy a pressure cooker, borrow your neighbor's . . . or perhaps you'll find one available through a community canning group. If not, form your own community group, and buy one. **To be safe, don't can low-acid vegetables any other way.**

We take this opportunity to issue two further warnings: 1. Oven canning is dangerous. It has caused many serious accidents to persons and to property. Shun it! 2. All home-canned foods should be examined carefully when opened. If there is evidence of spoilage, the food should not be used. NEVER TASTE to discover spoilage.*

By all means, put up every 3) ounce of surplus food you possibly can. Our armed forces and the hungry nations of the earth need the benefits of our abundance.
